Common Council---Special Meeting.

Board of Aldermen.—The board met last evening, May 8th, in pursuance of a call from the Mayor, to take measures in relation to the city property which has lately been levied upon by the Sheriff

The president of the board presented the following message from the Mayor:—

Mayor's Office,)
San Francisco, May 8. 1850.)

Gentlemen of the Common Council:

In the discharge of the trust reposed in me, it has become my duty to call a special meeting of your honorable bodies, and to lay before you the following facts:—

A short time since, a judgment for the sum of $25,000 and costs, was obtained before the Court of First Instance, by Mr. E. E. Dunbar, against the city of San Francisco.

An execution for said judgment has been issued, which is now in the hands of John C. Hays, Esq., Sheriff, by whom a large number of the most valuable city lots have been levied upon, and are advertised for sale on Friday, the 17th inst.

Should they be sold during the present embarrassed circumstances under which the city is laboring, great loss must necessarily be the result.

It is therefore recommended that you adopt such measures without delay, as will meet the emergency, and preserve the interests of the city.

JOHN W. GEARY, Mayor.

After the reading of the message, Alderman Minturn offered the following resolution, which with an amendment by Alderman Gillespie, were passed unanimously in its present form, viz:

Resolved, That the City Attorney be instructed to take immediate steps to have an injunction granted, stopping the sale of public property advertised; and that he use all the means in his power, either by applying for a new trial, or carrying the case up to the higher Courts, to have the judgment against the city reversed; and that he have power to employ additional counsel.

Alderman Selover presented the following, which was unanimously adopted:

The people of the city of San Francisco do ordain as follows---That the bonds of the different officers shall be as follows:

City Treasurer,	$50 000
Tax Collector,	20,000
Comptroller,	10.000
City Marshal,	5 000
Assessors, each,	1,000

Subject to the approval of the Mayor.

The Board of Assistant Aldermen did not transact any business last evening, no quorum being present.

THE FIRE.—Upon few men has the loss by the recent terrible calamity fallen with severer force than upon our fellow townsman and *confrere*, J. M. CRANE, Esq. He has been truly unfortunate, and from no want of foresight as a man of business. The printing establishment, a large and admirably selected one, intended for the *Pacific Courier*, (Whig) was shipped by Mr. Crane in the Chesapeake on the tenth of August last, and he arrived early in December, expecting it would be here. It is not yet here, and the injury has been very great; the anxiety occasioned by which no doubt having produced the severe illness under which he has so long languished.

At last, when at much expense a new stock of materials had been transmitted across the Isthmus, and hope dawned upon his prospects, the fire swept over the best portion of the city involving Mr. C. in a loss of several thousand dollars, and almost crushing him with the unlooked-for blow. The freight on the materials destroyed was nine hundred dollars across the Isthmus alone.

Among the few things that were rescued from Mr. Crane's office in Montgomery street were a considerable number of valuable books, which, together with a file of the Boston "Olive Branch," were placed on a sofa before the Eagle Saloon, on the morning of the fire.—These have not been since found, and any information in regard to them will be thankfully received at this office.

THE ELECTION OF JUSTICES OF THE PEACE.—This election, the "last call," upon the voters of San Francisco, to turn out, comes off on Saturday. There are to be *two* Justices elected in each of the townships into which the county has been divided, and one constable. The Democratic Nominating Committee met last evening; but up to the moment we are penning this article we have not learned what the nominations are. Let the Democracy of San San Francisco hold themselves ready at a moment's notice, like the patriotic "minute men" of the revolution.

AN ARRIVAL.—The notorious Reuben Withers arrived in our harbor yesterday, having been arrested at Mazatlan and put on board the sloop of war Falmouth. We understand that his conduct while at that city was such that he had become entirely odious to the inhabitants, who would probably have taken measures for his proper punishment, had he not been arrested and sent hither. For the present, in the want of a proper prison, he will probably be placed on board the Warren, to await the action of the civil authorities.

Steamer for Panama.

The fine steamer Isthmus, the first of Law's line, will leave for Panama on Wednesday next, the 15th inst., connecting with the Ohio, Georgia and Falcon, from Chagres. The Isthmus formerly ran between New Orleans and Havana; but she was lengthened some thirty feet and completely overhauled, rendering her in every respect as staunch as when first built. She has also been fitted up with staterooms and births, with special reference to the comfort and accommodation of passengers, and is commanded by a gentleman who knows how to make those under his charge feel at home

There will be no mail dispatched by the Isthmus, the postmaster not being authorised to send a mail by any but the regular line. It is hoped, however, that Congress will very soon increase the facilities in the mail service to a weekly line.

Messrs. Cross, Hobson & Co., are the consignees of this line of steamers; and a knowledge of this fact, must give the public entire confidence that the arrangements will be upon a liberal yet efficient scale. Mr. Charlick, the agent, will be found at the store of these gentlemen, in Sansome street, near Clark's point.

LATE PAPERS BY THE CAROLINA.—We neglected, yesterday, to render proper acknowledgments to the indefatigable Express proprietor, J. W. Gregory, Esq. who, as usual, was the first to lay upon our table, the latest New York papers, brought by the Carolina. Mr. G., is a man of indomitable energy, and any business given to his charge, will be promptly and faithfully executed.

We are also indebted to Haven & Livingston's Express; for a supply of papers, for which courtesy, we are under many obligations.

UP AGAIN.—Our old friend, John Middleton, (of the late firm of Middleton, Berry & Co.,) we are happy to notice is again at work in his profession of Auctioneer, notwithstanding the efforts of the devouring element to thwart his plans. He has associated with him Mr. John M. Hood, long favorably known in New York as a first rate business man, having had many years experience in the houses of Spafford, Tilletson & Co., and Daniel Curtis & Co., of South street.

A DAILY EVENING PAPER.—By reference to our advertising columns, it will be seen that an evening paper, democratic in politics, is to be issued soon by Mr. Foy, formerly of the Republican, Buffalo, N. Y. Mr. F. is a gentleman of enterprize, and we cordially welcome him as an ally in the good cause.

☞ By a communication in our paper of to-day, it will be seen that the right of Alderman Gillespie to a seat in the Common Council is rendered problematical. The qualifications under the charter are quite plain and imperative, and we have no doubt will receive attention in Mr. Gillespie's case. Mr. G. gave promise of being a good business man.

☞ The Stockton Times says that three men, in the space of two weeks, took out $30,000 from one hole, at the new diggings four miles above Sonora, besides one lump weighing *five pounds*.

☞ Several commitments were made yesterday in the Recorder's court, and one man was fined $25 for drunkenness and rowdyism.

MORE PACIFIC STEAMERS.—The propellers Gen. Warren and Commodore Preble, which have been plying between Boston and Portland for some years, have been purchased by a company in New York and Boston, for about $23 000 each, and will proceed from New York to California. The Gen. Warren was to leave Boston March 30th.

THE SARAH SANDS has now been out thirty days from Panama, and fifteen from Acapulco; and she ought to make her appearance in port certainly *this* week. Our patience won't hold out much longer; and her further delay will cause us to dislike the name of "Sarah" all the rest of our life---unless belonging to a *very* pretty lady. That would make a difference.

MEETING OF THE CHAMBER OF COMMERCE.—An adjourned meeting of the Chamber will take place this evening at 8 o'clock, at the store of Messrs. Mellus, Howard & Co. Business of vital importance is to be brought before it, and an election of officers for the ensuing year, is urged for a punctual attendance of the members.

OBSTRUCTIONS IN THE STREETS.—Kearney street was almost impassable last evening, in consequence of the lumber and fragments of demolished houses that were piled in the center of the carriage way. We hope the proper authorities will see that no unnecessary obstructions are suffered to remain in the thoroughfares, especially as we have ye no lamps, and the moon does not always give forth her light.

Alderman Gillespie.

EDITOR OF THE PACIFIC NEWS:

Article 2d of the Constitution of the State of California, entitled "Right of Suffrage," section 1st, provides that "every white male cititizen of the United States, and every white male citizen of Mexico, who shall have elected to become a citizen of the United States under the treaty of peace exchanged and ratified at Queretaro, on the 30th of May, 1848, of the age of 21 years, *who shall have been a resident of the State six months next preceding the election, and of the county or district in which he claims his vote thirty days*, shall be entitled to vote at all elections which are now or hereafter may be authorized by law."

Article 2d, Section 1st, of the act to incorporate the city of San Francisco provides that "For the government of the city there shall be elected a mayor recorder, a board of aldermen and a board of assistant aldermen, which two boards shall be styled the common council, and each board shall consist of one member from each ward. • • •

"No person shall be eligible to any of said offices nor to any other office which may be established by ordinance, nor shall any person be entitled to vote for the same who shall not be a qualified elector according to the constitution and laws of this State, and who shall not have resided in the city and in the ward or district for which he shall be elected, or shall offer to vote, for thirty days next preceding the election"

Now, Mr. Editor, I ask, and do so for the purpose of eliciting a reply from Mr. Gillespie, whether he was eligible to the office of alderman in the board of this city at the time of his election?

Mr. Gillespie did not arrive here until after the first of January last. He came by the way of Chagres and Panama from the states, and allowing him the most liberal construction of the law, to wit; that he is entitled to a residence here, immediately after his departure from the states, he would not then have been a resident of this State six months preceding the election for the office in which he now assumes a prominent part. Is Mr. Gillespie a qualified voter under the constitution? If not, he is ineligible to any office under our city charter, and therefore is not lawfully a member of the board of aldermen, and cannot be made so by any act or resolution of the board.

A VOTER.

WHAT NEXT.—A company has been chartered by the Legislature of Maryland, called the United States Travellers' Protection Insurance Company. The object is, to insure travelers against accidents, so that a man starting on a journey, may take out a policy, and should he be fortunate enough to break a leg, or arm, during the trip, he gets his money cash down, for the damages.

MORE DIFFICULTIES WITH THE INDIANS.—Mr. Geo. Woodman, of Woodman & Co.'s Express, called upon us yesterday morning, and from a conversation with him, we learned some particulars of another of those Indian disturbances, which seem to grow more common every day. A few days ago, a company of traders encamped at Kelly's Bar, on the North Fork, and left their wagon, which was heavily laden with goods and provisions, near by the tent in which they slept. During the night, the Indians robbed this wagon; and what articles of value they could not carry off with them, they scattered over the earth and ruined. This affair caused a party to leave Barne's Bar for the purpose of punishing the offenders. They killed seven of the Indians before their return to the Bar. Last Tuesday evening, a party of the Indians secretly came upon a tent on Barnes' Bar, and the first intimation the inmates had of the presence of the savage foe, an arrow pierced the heart of one of their number, killing him instantly. Simultaneously with this, another of the party received two arrows in the leg. The Indians then fled. The same night, they stole a bag of flour, from near a tent a few miles farther down the North Fork, after which, they discharged their arrows at the tent and fled.—*Sacramento Transcript, 4th inst.*

California Items from late papers by the Carolina.

CALIFORNIA EMIGRATION.—The following extracts from Western papers, give some idea of the number of emigrants that will pour into our borders the coming summer and fall, by the overland route.

The *Wooster* (Ohio,) *Democrat*, contains a list of 140 who left that place in a body on the 18th March, forming a caravan of more than thirty wagons. The party proceeded by way of Independence, (Mo.,) and the plains.

The *Cincinnati Gazette* says:

1,100 persons have passed through that city for California. Almost every railroad train brings down from the interior of the State a number of emigrants, most of them bound by way of the plains.

The fever is extending into Kentucky. The migration is comencing from Louisville.

A private letter from Northern Illinois, states that over 40 men, some with their entire families, had left a single town within a month. This gold seeking spirit pervades all classes, and all are embarking in the general rush for the treasure land.

The *Glasgow* (Mo.) *Times*, says:—

The stream of overland emigration has already set in, and almost every boat that passes up the river, contains more or less. We learn from the St. Joseph papers that there are already some persons encamped there, who will be off at the earliest possible day. The emigration from Iowa, Illinois, Indiana, Kentucky and Missouri, will be immense. There is but little doubt that *a greater number of persons will cross the plains this year than did last*—while a far greater number has gone by water, than heretofore. From fifty to sixty persons go from this place.

From Mercer, (Pa.) a large party has started, collected from the adjoining towns and counties.

The *Chicago* (Ill.) *Journal*, says, that eleven teams have left that city for California, and that forty-five teams were met within ten miles, all bound for the gold diggings. The last load we had any account of started from Akron, Ohio, last week. A single lady, or rather a forehanded milliner of that town, had fitted out a young man with funds for the diggings, sharing one third of the profits; but impatient of the golden returns, she dropped her needle, laid aside the ribbons, fixed up a one horse team, put a cook-stove on board, and *put*, with some forty other wagons.

St Louis papers state that scarcely a steamboat arrives from the Ohio river that is not filled with emigrants for California. The Saladin, from Louisville, on the 18th of March, had on board between 150 and 200 passengers, 81 mules, and large lots of moveables, "all for California." On the 19th, the General Washington arrived from Cincinnati, with 556 passengers, for the same destination. The *Republican* of the 20th says, the Ohio, Saladin, Isaac Newton, Bay State, Dr Franklin, No. 2, all came crowded to their utmost capacity.

The *Buffalo Commercial Advertiser*, speaking of the movement in the western states, says, it is proposed to go in large companies, with implements and materials for the construction of roads through different passes, and bridges over the streams, so that a permanent thoroughfare between the two confines of civilization may be established. This large emigration must necessarily have some effect upon the business of the west. It is not the drones of society who go out, but men of nerve and enterprize, whose absence will be felt more or less in any community, and particularly in a new country.

CALIFORNIA COIN.—There is no inconsiderable amount in circulation of the coinage of the private mints in California. They are not worth the value represented. The $20 Mormon pieces are worth only from 16 90 to 17 53; the $10, from 8 50 to 8 70; the $5, about 4 30; the $2 50, about 2 25. The California $5 pieces range in value from 4 80 up as high as 4 96. The 10 pieces about 9 60. They are, therefore, all of less value than the coins of the U. States.

JONATHAN T. WALKER.—"Mercury," a Washington correspondent of the Baltimore Sun, writes as follows:

"I understand that our enterprising fellow citizen, Jonathan T. Walker, Esq., has formed a partnership with several other gentlemen, for the purpose of carrying on the mining business in California, and that he is now preparing for the voyage. Mr. W. is a brother of the late gallant Captain of that name, and possesses reputation, intelligence, industry and perseverance in an eminent degree. Success attend him."

EXPORTS TO CALIFORNIA.—The tables of exports to California which are being printed in some of the journals are very incomplete, and calculated to deceive shippers. The Custom House regulations do not require the manifests to contain the kinds of goods shipped, but only the number of packages; and consequently, in many cases, all descriptions of goods are put in under the general head of "merchandise." It is, therefore, impossible to tell, from the Custom House records how much of any particular article has been shipped.

CALIFORNIANS.—The steamer Daniel Boon reached this city night before last, from the Wabash river, with a company of California emigrants on board. They number between seventy and eighty, and have their camp equipage, wagons, mules, &c., on board. This is the first organized company that has reached here this season, and they depart to-day on the same boat for Independence.—St. Louis Republican, 12th March.

SLAVES IN CALIFORNIA.—In looking over the names of the members of the House of Representatives of California, we perceived that of our "ancient friend" John H Watson, formerly of Columbus, Georgia. Mr. Watson went to California but a very short time previous to the elections there, carrying with him two slaves, whom he yet holds as such we believe.—(Montgomery (Ala.) Gazette.

CAKE FOR CALIFORNIA.—We noticed yesterday, at the confectionery store of the Messrs. Carter, in Pleasant street, 80 loaves of *wedding cake*, weighing in the aggregate about 1500 pounds, made to the order of Mr. Benjamin P. Dow, for the California market. Each loaf is to be enclosed in a tin box, soldered tight.—*Newburyport Herald.*

[We wish Mr. Dow would also bring an invoice of Yankee girls with the cake; for cake without the girls to make the weddings, is treating the California boys too bad!]

MINING TALK.—We conversed yesterday with a gentleman who had just returned from the Trinity. He started from Benecia about six weeks since, and was twelve days on the way to the second canon. The water was still so high that advantageous operations would have to be delayed two or three months; there was considerable snow encountered on the way, and during the last four days they were there, it fell continually.

The part. were not impressed with the peculiar advantages of these diggings, and most of them returned. They estimated the number there at eight hundred, and met sometimes as many as one hundred per day on the road. A third canon had been discovered about twelve miles below the second, and was very favorably represented. On visiting it however, they were not induced to remain. An old mountaineer informed them that he had followed the stream called the Trinity to its junction with Roque river and that from thence it took a direction north of west into the ocean. The water of the Trinity was found to disagree with many of the miners. Diarrhœa prevailed, and the impression was very unfavorable to the health of the place in the more advanced season. A large number had died there during the winter, ten out of one party of nineteen. Few had realized any very extravagant success. They saw one person who had two hundred pounds. From careful inquiry and investigation they were satisfied to return to the diggings in this direction. Except some very rugged and steep mountains, the roads were found excellent.—*Placer Times, 4th inst.*

SAN FRANCISO MARKETS.

Wednesday Evening, May 8.

Prices of good business locations and rents for the same, are the only subjects which seem affected by the recent fire, and to which anything like activity seems imparted. Light houses, small and easy of erection, being wanted for temporary purposes on the burned district, are held at advanced prices. Bricks continue firm at the advanced quotations of Tuesday, but the advanced prices for lumber have "fizzled out," there being too large a stock on hand, and this stock being too constantly increased by fresh arrivals to allow any firmness in support of the market. Chili flour continues firm, with prices a shade upwards: sales to-day were stopped, whole sacks bringing $12.25—sales of half sacks were closed at $7. Holders are asking $13 a 13 50 per whole sacks and $7 a 7.25 for half sacks. Sacks form the bulk of all present transactions. Potatoes are a little on the decline, the bark Drummond, just arrived, having part of cargo. Prices are about 20c. Good brandies, in 20 gallon packages, have been sold at $1.25 a 1.30 per gallon. Mess pork at $28 a 28.50. A large lot of prime Oregon butter has just arrived—parties are holding at 85c., which is at present above market. The "Isthmus" is understood to be announced for the 15th inst. Freight on specie 1 per cent, being 1-4 per cent less than the rate charged by the P. M. S. Co.

NEW DAILY Evening Paper in san Francisco—ROBERT D. FOY proposes to establish a daily newspaper in the city of san Francisco, to be issued every afternoon. The design of the paper will be to afford a reliable medium of information on all subjects of general and local interest; also to give full and accurate commercial and shipping intelligence up to the hour of publication each day. In a commercial community like ours, the utility of an evening paper, that will place the transactions of the day before the public immediately, must be apparent.

While the principal aim will be to give to the patrons of the proposed paper all the advantages of a strictly business publication, it should be understood that on questions of a political character, it will always be found a decided advocate of the principles and measures of the great democratic party of the Union.

The first number will appear on or about the first day of June next.

TERMS—$25 per annum, when delivered to city subscribers at their residences, or $20 when mailed—payable in advance. Advertisements inserted at the usual rates. cxl tf

EMPIRE CITY.

FOR Sonorian Camp, Wood's Diggings, Sullivan's, Hawkins's and Don Pedro's Bars, head waters of Tuolumne, Mercedes, and Mariposa Rivers; also, to head waters of san Joaquin and King's River FREIGHT OR PASSAGE TO EMPIRE CITY, TUOLUMNE. DURFEE & TOWNSEND have established a daily line of sailing vessels from san Francisco to the above city, situated on the south easterly bank of the Tuolumne river, thirty five miles above its mouth, and are prepared to carry freight or passengers.

This route is the only one which can be really said to extend, by water, to the very gold field. The city stands at the head of navigation on the Tuolumne river, where the low hills of the Sierra Nevada meet the plains of the san Joaquin, and is not only accessable by sufficient water at all seasons of the year, but the roads to the mines, from that point, are good in wet or dry weather. Goods shipped to Empire City, Tuolumne, save from 25 to 60 miles of land carriage over any other depot for that gold region, avoiding soft roads, expensive ferriage, and personal discomfort.

Persons shipping goods, or taking passage, may rely upon promptness in dispatch, speed in transit, and great saving in time and expense.

For freight or passage, apply to messrs. Turner, Fish & co., foot of Jackson street, san Francisco, or to the subscribers, Empire City, Tuolumne. April 29, 1850.

EMPIRE AND CRESCENT CITIES.

THE survey of this town being completed at the head of navigation on the Tuolumne river, and numerous lots sold and houses erected, designed originally to bear the name of Crescent city, the subscribers, owners of lots in said town, learning that a plot of ground on the northwesterly bank of said river, two miles below, surveyed and laid out last year, still insists upon its rights and advantages as a place for a city, have concluded to leave to the town plot alluded to the beautiful name of Cresent city, and adopt one quite as appropriate, if not so beautiful.—Henceforth, therefore, we claim the name of Empire city. The map will be deposited in the proper offices, and the change in name noted.

Empire city stands on the southeasterly bank of the Tuolumne river, and is the only point accessible by water at all seasons, immediately contiguous to the gold fields of Tuolumne, Merced, Mariposa and San Joaquin rivers. It is at the head of navigation on the Tuolumne river, 35 miles from its mouth. Those persons wishing a settlement in the country are desired to visit it, and examine its advantages over any of its competitors Signed—Philo Durfee, Edwin D. Townsend, Wm. J. Marcy, W. H. Willson, Joseph E. Miller, Wm. M Rowlett, Thomas J. L. Smiley, David Turner, Edward S. Townsend, Edward Conway, Henry E Perrine, J. B. Lattimer.
